"The companies in Denmark, Finland, Norway, and Sweden included in this research established themselves as leaders through their excellent work and dedication to their clients," Clutch Business Analyst Katie Wonders said. "With their creativity, innovation, and technical insight, these companies help establish the Nordic region as a leader in all things digital and tech."

Clutch's research on business service providers in Western Europe is ongoing, and Clutch invites companies to apply to get listed in next year's report.

The results are a snapshot of Clutch's Leaders Matrices on August 15, 2018. Rankings may change daily and currently may not be reflected on Clutch's website.
