Plug Power's stock surges again, after more than doubling the past 6 days

Shares of Plug Power Inc. charged 7.6% higher in premarket trading, adding to the more than doubling over the past six sessions, after B. Riley Securities analyst Christopher Souther boosted his price target by more than 50%. The stock, which has rocketed 105.2% the past six days to close Tuesday at a 15-year high, is on track for a 7th-straight gain, which would be the longest win streak since the 7-day stretch ended Nov. 18, 2019. B...

Nio prices \$1.3 billion in convertible notes, half of which don't pay interest
Nio Inc. announced Wednesday the pricing of the \$1.3 billion in convertible notes, which included \$650 million in notes due 2026 and \$650 million in notes due 2027. The China-based electric vehicle maker said the 2026 senior unsecured notes will not pay interest, and the principal amount will not accrete. Nio's stock slipped 0.3% in premarket trading. The 2027 senior notes will pay interest at a rate 0.50% a year. The holders may convert the...
